   8.8 Pomije’s approved vacation time off 7/30 – 8/3

9. 6:25-6:30 **Evaluate the Meeting** – What worked? What needs further discussion?

10. Adjourn

**Civic Governance** is a new approach to organizing to facilitate change for the common good, creating effective and stable organizations. The **purpose** of Civic Organizing is to organize people to the obligation of being an active citizen; providing the opportunity for them to impact decision making in their role and in day to day work; learning what is good and growing in that knowledge.

- To broaden governing responsibility to include those impacted but not replacing existing governing responsibilities of board members and supervisors. We need to work together; no one group can alone solve our environmental concerns.
- Organizing comes with the obligation of active citizenship.
- **Active citizenship** is developed in the way institutions and projects are governed in the process of carrying out their mission/purpose/ achieving goals.
