   3.3.1.2. Snake River Meeting, 9/24
   BWSR approved our grant extension on the Snake Project Grant through 6/30/18. This means we only have one more construction season to complete projects, next spring. We still have $71,437 for vegetative BMP’s within the Snake Watershed. Outreach and project development need to continue with a total of $199,899 remaining on this grant. Kanabec just completed a project with 3 more in development. Pine has 2 more projects in development and Aitkin has a potential feedlot along the Snake River in need of runoff control. The feedlot project may not fall within the vegetative scope of the grant. After the next Snake meeting 10/22 we are proposing District Managers to meet and propose a plan for 2019 in preparing the Snake Board for the 1 Watershed 1 Plan process.
Pomije discussed the status of the Snake River Project Grant under the Snake River Watershed Management Board (4-county joint power’s board) with the board. This is a CWF project grant focused on the entire Snake Watershed with a focus on vegetative practices near lakes and streams.

This was a very well attended meeting with about 45 people in attendance. Various N. St. Louis staff gave power-point presentations on their general work activities. They gave a live presentation of a AIS decontamination unit. It takes about 20 min. to clean one boat. Kelly Voigt, BWSR’s new northern trainer presented on how training is organized for obtaining NRCS job approval authority. She reviewed the Individual Development Training plans that were submitted by each District/NRCS office requesting needed trainings. The board meeting approved $500 of their funds to reimburse the host District (President’s District) for time spent on Area 3 meeting work. Hoppe was voted in as the new Area 3 President for the next two years. Doug Thomas, BWSR reviewed the process BWSR used for distributing the Capacity funds, including how the administrative funds are taken out to cover the needed grant reconciliations, done by BWSR.

Hoppe and Pomije attended the meeting on 9/20. Pine County will be the host district next year for the Sept. tour meeting. After the December meetings, discussion may start for MASWCD resolutions for 2019. The resolutions meeting is proposed for May/June, possibly at the Carlton County Highway Building. Pomije said that the District Managers meet after the recent TSA meeting to discuss how to better assist Supervisors in the professional organizing of the Area 3 Association and meeting facilitation.
